

Splash Playground & Skate Park

Project Overview:

Splash Playground

Our goal is to construct a splash playground facility at Lakeside Park. This splash playground facility will similar to the one in Alachua pictured at right.

Skate Park

Our goal is to construct a skate park facility adjacent to the Trail Head near City Hall. This skate park facility will be similar to the one in Starke pictured below.

Funding Sources:

Florida Department of Environmental Protection (FDEP) Florida Recreation Development Assistance Program (FRDAP) Grants

Proposed Total Budget:

Splash Playground \$186,000

(Includes construction of splash playground, renovation of restrooms, landscaping, contingency, engineering site plan and permitting.)

Skate Park \$196,000

(Includes construction of skate park, picnic facilities, landscaping, contingency, engineering site plan and permitting.)

Funding Status:

We submitted the FRDAP applications for both projects on September 30, 2008. We will be notified after the next regular Florida legislative session as to whether or not we got funded (April-June 2009). The legislature has final approval on projects that get funded through the FRDAP program.
